Sitemap

- Nav Bar links to all the pages on the website

- Going for a simple design for easy navigation/accessibility

Wiremap

Wiremap was designed with different coloured sections so it's easy to see diff
Section when designing
Actual website colour is one solid background colour for cleaner/simple visual

Components

A Website Portfolio

Portfolio website built in HTML, CSS and SCSS

Technologies Used
- - Html5
- - CSS
- - SCSS
- - Github
- - Netlify to deploy
- - Sass (live compile)

- Description:
- this was built to show the technical skills, and responsive web design skills as part of the portfolio assignment T1A2
-
  a simple website design with plain background colour and white and black text
-
  navigation bar to go to each part of the website as the header
-
  dropdown menu when you hover the menu/blog. intended for easy viewing for mobile site view and also for general accessibility go to each blog post and page
-
  Target audience is for other aspiring web developers and students
- Footer includes link to github and other dummy webpages
